**Nozeco Spumante Blanco**  82,00

to bezalkoholowa musująca alternatywa dla Prosecco produkowana we Francji. W kieliszku ma podobny bładzłoty kolor i takim samym perlage, jakiego można się spodziewać po winie musującym. Jest nieco słodsza niż przeciętny alkoholowy odpowiednik, ale zdecydowanie świetna na imprezowy aperitif. Polecamy podawać w towarzystwie makaronów, owoców morza i pikantnych dań.
